## 2010/2011 CAL EXPO HARNESS RACING STALL APPLICATION ADDENDUM

By my signature below, I represent that I am authorized by the owners of all horses in my care to represent their interest in those horses.

By my signature below, I hereby agree to the following:

- Any TCO2 positive tests will result in the sanctions and penalties handed out by the CHRB as attached. Any horse in my care whose TCO2 test results above the CHRB outlined threshold levels shall be subject to the detention barn for every start the horse makes for 3 starts after the post race positive result. The trainer of record shall have \$200 deducted from their paymaster account for each of the 3 starts the racehorse races out of the detention barn. The funds will be utilized to offset the costs of the detention barn guards and the clean up of the stalls. All horses must be in the detention barn by 12:00 Noon on the day of their race and will be notified of this procedure.
- Cal Expo Management reserves the right to randomly select races on any racing night in which every horse scheduled to compete in those randomly selected races shall be taken to and housed in the detention barn by Noon of the selected racing day. The random races selected shall be announced in the barn area on the barn area public address system and will be posted on the Racing Office window by 9:00 AM each racing day this policy is in effect. **IT IS THE RESPONSIBILITY OF THE TRAINER TO DETERMINE IF ANY HORSES IN THEIR CARE NEED TO BE IN THE DETENTION BARN BY NOON OF THE SELECTED RACING DAY.**
- Any trainer who has any horses found by and in the opinion of Cal Expo management to not be cared for in a proper manner, shall, upon notification by Cal Expo remove all of their horses from Cal Expo grounds. The following factors will be utilized but not limited to determine if the horse has not been cared for:  
Water Bucket empty, stall not cleaned or without enough bedding, malnourishment, hooves not trimmed, and evidence of physical abuse.
